Special Energy Assistance Payments:

Home energy assistance, either in cash or in-kind, provided by a private non-profit organization or by an entity whose revenues are primarily derived on a rate of return basis and regulated by a State or Federal government body, is not to be considered as income.

Payment for Foster Children and Foster Care Adults:

Payments provided for care and maintenance of foster children or adults are not considered income. Foster children and foster-care adults (e.g., individuals 18 years of age or older, who are socially, physically, or mentally handicapped and placed in a community-based care setting approved by appropriate State agencies or local social services agencies) are not counted as members of an applicant's household.

Roomer and/or Boarder Payments:

Roomers and Boarders are not counted as household members, and their gross income is excluded from the household's income. However, payments made by the Roomer/Boarder to the household are included in the household income.

Holocaust Survivors Payments:

Restitution payments from foreign governments to survivors of the Holocaust are excluded as income.

Income Committed to Health Care/Homemaker Services:

The amount which an applicant pays an employee for household work or health care is not an allowable deduction from gross income except in the following cases:

Health Care Services: Income used to pay for in-patient hospital care, in-patient care in a skilled nursing facility, or home health care, which is also counted toward Medicaid eligibility, is exempted as income.

For income exclusion purposes, home health care means payments made for home nursing services rendered by a person (other than a family member) who is qualified to provide services such as assistance with personal hygiene, dressing, feeding or household tasks, and who has been appropriately trained and is supervised by a registered professional nurse.

Housekeeper/Homemaker Services: Reimbursements for housekeepers or homemakers under Title XX of the Social Security Act are not considered as income for eligibility purposes. Those services include assessing the need for, arranging for, providing and evaluating the provision of personal care, home management and incidental household tasks by a professionally trained homemaker.

In-Kind Services:

When an applicant has an employee residing in the household to assist in household work and health care, the employee's income should not be considered in determining the household's eligibility nor is the employee included in the household count. No monetary value may be attached to any in-kind contribution which the employee provides to the household.
